

Soiree

Soirée are Sue Graves, Hector Gilchrist and Steve Poole. Beautiful songs, lifted still further by lilting harmonies and liquid guitars, evoke the ambience and warm glow of a satisfying evening spent with friends.

Focussing on material that is melodic, inspiring, easy on the ear and generally of a positive bent, we draw widely from the Tradition, the best of contemporary song-makers, jazz standards, the odd tear-jerker and even a bit of dusted down Rock n' Roll! Joni Mitchell, Robert Burns, Joan Baez, Hoagy Carmichael, Eva Cassidy, Stan Rogers, Bob Dylan, Dougie MacLean, Carole King, Randy Newman - these and more, we love them all. Our aim is to enjoy ourselves in your good company - and hopefully leave you feeling happier afterwards than before. After all, that is what a good Soirée is all about!
