

## Soiree Tech Spec

**Steve** - 2 DI boxes + 1 vocal mic (SM58 or similar)

**Sue** - 1 DI box + 1 vocal mic (SM58 or similar) + 1 instrument mic on a low boom stand

**Hector** – 1 DI box + 1 vocal (mic SM58 or similar)

If you can provide monitors that would be great. Let us know if you need us to bring any bits, leads, stands etc.

In small venues we are happy to perform without a PA.

If playing outside we need a weatherproof gazebo or similar that covers all of our stuff. We don't want to die on stage if it rains! Well, not through no fault of our own...

Thank you!
